# Mini-grants

---

## Charles University 4EU+ mini-grants 2022

Deadline for submitting proposals:  
**27 February 2022**

Charles University supports research collaboration within the 4EU+ Alliance by so-called mini-grants, seed funding for teams from the 4EU+ universities developing projects in the Flagships.

The graphic features a blue background with four circular icons on the left representing different research areas: health, urban environment, information and communication, and biodiversity. The text '4eu+' is in a dark blue box, followed by 'Flagship Programmes' in large white letters. A dark blue trapezoidal area on the right contains a list of four flagship themes. At the bottom, the hashtag #4EUplus and the website www.4euplus.eu are displayed. A small European Union flag is visible in the bottom right corner.

# 4eu+ Flagship Programmes

- Health and demographic change in an urban environment
- Europe in a changing world: Understanding and engaging societies, economies, cultures and languages
- Transforming science and society by advancing information, computation and communication
- Biodiversity and sustainable development

#4EUplus [www.4euplus.eu](http://www.4euplus.eu)

The basic parameters of this call are as follows:

- Applicant must be an employee of Charles University
- Project has to involve at least three 4EU+ member universities (Charles University + [Heidelberg Universität](#) , [Sorbonne Université](#) , [Uniwersytet Warszawski](#), [Università degli Studi di Milano](#) and [Københavns Universitet](#) )
- Supported activities must be in line with the [4EU+ Mission statement](#) and must be thematically connected to one of the 4EU+ Flagships
- Maximum amount to apply for is CZK 300,000

Deadline for submitting requests for support is **27 February 2022**.

#### [Application form](#)

Project teams that have already received support in the form of a mini-grant three times are not eligible for additional funding.
